S I R:

In response to the Office Action mailed October 21, 1999, please amend the application as follows:

IN THE CLAIMS:

Please amend Claim 7 as follows:

B1

7. A peripheral device PCB package comprising:
two stamped metal covers with a plastic frame element corresponding to each cover, each cover having a first side and a second side with at least one finger extending from each of said sides and wherein edges of the metal covers are bent to conform to the shape of the corresponding frame element and said finger is secured to the plastic frame element forming an integral unit wherein each of the plastic frame elements is injection molded around the finger; and
wherein the plastic frame element extends beyond a plane of the metal cover so that a plastic perimeter surface is exposed, thereby facilitating bonding of the two covers.
